Product Recommendations

Yarn – You will need approximately 150 yards (about 4 oz) to complete the project. Lighter colors provide better stitch visibility which is beneficial for beginners.

Hook – You will need one crochet hook of Size H (5 mm). If that size is unavailable, size I (5.5 mm) will also work).

Scissors – You will need one pair of scissors. Any sharp scissors will work but embroidery scissors/craft scissors tend to cut cleanly.

Stitch markers – You will need one or two stitch markers to start but they are sold in packs. Locking stitch markers are a game changer and the only option in my opinion. Split rings are another good option.
